Mr. Robert M. Gates  
Deputy Director for Intelligence  
Central Intelligence Agency  
Room 7E44, Headquarters  
Washington, D.C. 20508

Dear Bob:

I just wanted to drop you a short note to, once again, say how very much the Dallas Chapter of YPO appreciated you taking time out of your very busy schedule to meet and visit with us last night. Last night and this morning I have heard a number of highly complimentary comments concerning both you and the program, and, in my personal opinion (biased though it may be), I feel you were able to accomplish the goals that you always have when you agree to appear in a public forum such as this.

I'm also very pleased that Nancy was finally able to meet the "mysterious Robert Gates". She was very sorry that the flu bug struck last month and hopefully we'll be able to get she and Becky together at some point in the not too distant future.

Again, Bob, the program last night was exceptional and everyone in attendance appreciated all the time and inconvenience you went to in order to be with us. I look forward to seeing you again soon.

Sincerely,

Ray L. Hunt
